SACRAMENTO ASIAN SPORTS FOUNDATION

The Sacramento Asian Sports Foundation was formed by the Chinese Community Church Basketball program and the Warlord Basketball program. It is a joint effort to provide a quality, organized and structured basketball program for Asian American youths from the 4th to the 12th grades in Sacramento.

The Sacramento Asian Sports Foundation envisioned their basketball program would bring together Asian youths to know one another, compete as teams and develop lasting friendships and respect for one another. The program will build, develop and emphasize character development, active citizenship and leadership skills in Asian youths through sport activities, positive role models and living examples. It is hoped that these youths will one day return to the community what they have received and learned from this program.

The long term goal of the Sacramento Asian Sports Foundation is to build community sport gym for Asian youths. It is a community need and interest as evidenced by the numerous basketball teams sponsored by various churches, organizations and private individuals. Many of the teams must rent gym time from the city and schools to practice. Some teams are unable to practice because of the lack of available gyms or funds.

The Sacramento Asian Sports Foundation recognizes the pursuit of a community sport gym will be a long and arduous campaign. However, a journey of a thousand miles begins with the first step. The Sacramento Asian Sports Foundation is taking that first step and invites all those who believe in the same goal to join the quest for a community gym.
